Add apartment-style student housing that is expected to be built in the region

- DOF surveys several regional universities' plans
- Census Bureau considers all student housing as "group quarters"
- Added to RHND so that when apartment-style student housing is built, cities can include them for RHNA purposes
- 708 units

Add an estimate of how many units will be demolished, or consolidated, 2029-2038

- City gets +1 for each unit built, but losses have no effect
- Increase RHND by an estimate of what this will be in the future
- HCD uses DOF demolition survey data (2017-2026)
- 6,889 units
