# Household overcrowding

- Percent of households with more than 1.0 occupants per room
- Adding 398,400 units to help unbundle, e.g.:
  - Multiple families in single unit
  - Grown children living with parents
  - More roommates than desired
- Would these moves happen? Maybe; depends on many factors.
- Adding supply is one step.
- HCD adjustment reflects how many extra units this step would take.
