(iii) With respect to all councils of governments other than those specified in clauses (i) and (ii), at least 38 months prior to the scheduled revision pursuant to Section 65588.

(C) For the eighth and subsequent revisions of the housing element, at least 38 months prior to the scheduled revision pursuant to Section 65588.

(3) The department may accept or reject the information provided by the council of governments or modify its own assumptions or methodology based on this information. After consultation with the council of governments, the department shall make determinations in writing on the assumptions for each of the factors listed in subparagraphs (A) to (I), inclusive, of paragraph (1) and the methodology it shall use and shall provide these determinations to the council of governments. The methodology submitted by the department may make adjustments based on the region's total projected households, which includes existing households as well as projected households.

(c) (1) After consultation with the council of governments, the department shall make a determination of the region's existing and projected housing need based upon the assumptions and methodology determined pursuant to subdivision (b). The region's existing and projected housing need shall reflect the achievement of a feasible balance between jobs and housing within the region using the regional employment projections in the applicable regional transportation plan. Within 30 days following notice of the determination from the department, the council of governments may file an objection to the department's determination of the region's existing and projected housing need with the department.

(2) The objection shall be based on and substantiate either of the following:

(A) The department failed to base its determination on the population projection for the region established pursuant to subdivision (a), and shall identify the population projection which the council of governments believes should instead be used for the determination and explain the basis for its rationale.

(B) The regional housing need determined by the department is not a reasonable application of the methodology and assumptions determined pursuant to subdivision (b). The objection shall include a proposed alternative determination of its regional housing need based upon the determinations made in subdivision (b), including analysis of why the proposed alternative would be a more reasonable application of the methodology and assumptions determined pursuant to subdivision (b).

(3) If a council of governments files an objection pursuant to this subdivision and includes with the objection a proposed alternative determination of its regional housing need, it shall also include documentation of its basis for the alternative determination. Within 45 days of receiving an objection filed pursuant to this section, the department shall consider the objection and make a final written determination of the region's existing and projected housing need that includes an explanation of the information upon which the determination was made.

(4) In regions in which the department is required to distribute the regional housing need pursuant to Section 65584.06, no city or county may file an objection to the regional housing need determination.
